<https://tanmontgomeryf.github.io/>

Passionate, hard-working and artistic person looking for a job as a Front-end Developer or a Full Stack Developer. I am looking to leverage my skills in programming using HTML, CSS, Javascript, React JS, Express JS and Node JS, as well as designing using Adobe Photoshop and Adobe Illustrator. My goal is to create well-designed websites with a clean code that would be an asset to the company.

SKILLS SUMMARY

HTML, CSS, JS

- Built an online personal portfolio using HTML, CSS, JS
- Fully responsive using a mobile first approach

MongoDB, Express, React, Node (MERN) with Redux

- Built a full stack app using the Pokemon API
- Used JWT Token for Authentication
- Fully responsive using a mobile first approach

EDUCATION

University of Santo Tomas (UST)

Bachelor of Fine Arts
Major in Advertising

06/2009 - 03/2014

CERTIFICATE

MERN Stack Front To Back: Full Stack, React, Redux & Node.js

Udemy - 2020

The Modern React Bootcamp (Hooks, Context, NextJS, Router)

Udemy - 2020

The Web Developer Bootcamp

Udemy - 2020

EXPERIENCE

Marketing Consultant

Go Glam PH - 01/2017 - Present

- Manages the planning and execution of the brand image through design that made the shop a top performer in an e-commerce platform

Marketing Officer

Streetcorner Lending Corp - 04/2019 - 12/2019

- Created designs and layouts for marketing collaterals for social media posts, events and marketing campaigns

- Handled a team of graphic designers and content creators, where my responsibility was to check design quality and impact

Marketing Officer

CASLI Industries and Services - 06/2014 - 12/2016

- Created designs and layouts for marketing collaterals for social media posts and events

TECHNICAL SKILLS

HTML/CSS

Javascript

React JS

Node JS/ Express

MongoDB

Redux

Next JS

Photoshop

Illustrator

Personal Projects

Pokemon App (2020)

- Created using the MERN stack with Redux and Pokemon API
- Completely RESTful with CRUD functionality

DevConnector (2020)

- An online course project but added few functionality
